SUMMARY

Computer Science graduate with hands-on experience in data operations, process automation, and backend optimization. Proficient in Python, SQL, Machine Learning, Data Analytics, and Web Development. Demonstrated ability to improve operational efficiency through data-driven solutions and system enhancements. Currently pursuing M.Tech in Artificial Intelligence & Data Science with a strong interest in software engineering, data science, and emerging technologies.

SKILLS

Data Structures & Algorithms, System Design, Problem Solving, Python, C++, Java, JavaScript, R, SQL, TensorFlow, PyTorch, Keras, LightGBM, OpenCV, NLTK, Django, Matplotlib, Statistical Analysis, Machine Learning, Linux, Git, GitHub, Azure, GCP, Node.js, NPM

WORK EXPERIENCE

System Operations Intern | Vensure Employer Solutions

09/2024 – 05/2025, Noida, India

- Spearheaded the management and maintenance of over 6,000 client-carrier data feeds, achieving and sustaining 99.9% data accuracy.
 - Engineered optimized backend processing pipelines through algorithmic enhancements, successfully reducing system latency by 30%.
 - Instituted automated validation workflows and redesigned more than 200 production feeds, resulting in a 40% improvement in reliability.
 - Investigated and resolved critical production issues, simultaneously enhancing system scalability by 25%.
 - Garnered the Intern of the Month award in March 2025, recognizing significant operational impact and valuable technical contributions.
-

PROJECTS

AKSHEDI – Human Resource Information System

05/2025 – Present,

- Tech Stack: HTML, CSS, JavaScript, Git, GitHub
- Designed and developed a dashboard-based HRIS platform for employee and workforce management.
- Created a responsive user interface featuring card-based analytics, sidebar navigation, and modern dashboard components.
- Implemented modular front-end architecture to support future integration with SFTP, FTP, and SSH-based file feeds.
- Managed version control and project collaboration using Git and GitHub.

Personal Portfolio Website

05/2026 – Present,

- Tech Stack: HTML, CSS, JavaScript, GitHub Pages

- Designed and developed a responsive personal portfolio website to showcase projects, technical skills, certifications, and professional experience.
- Implemented modern UI/UX principles with mobile-friendly layouts and intuitive navigation.
- Integrated GitHub, LinkedIn, and resume access to improve professional visibility and recruiter accessibility.
- Deployed and maintained the website using GitHub Pages with version-controlled development workflows.

EDUCATION

M.Tech - Computer Science (Artificial Intelligence & Data Science)

Chhatrapati Shahu Ji Maharaj University (CSJMU)

07/2025 – Present, Kanpur, India

- CGPA: 8.61/10

B.Tech - Computer Science Engineering (Data Science)

Bennett University

09/2021 – 05/2025, Greater Noida, India

- CGPA: 8.9

CERTIFICATES

Google Data Analytics Professional Certificate

Google

11/2022

The Bits and Bytes of Computer Networking

Google

04/2023

Data Modeling in Power BI

Microsoft

04/2024

Neural Networks and Deep Learning

DeepLearning.AI
